**PROFESSIONAL STRENGTH FORMULA  
FOR HOME, AUTO, OFFICE**

# TECHNICAL CHEMICAL COMPANY

WE'VE SPENT THE PAST 52 YEARS PERFECTING  
AUTOMOTIVE AND HOUSEHOLD PRODUCTS

Technical Chemical Company has been formulating and marketing some of the most effective car and home care products in America and around the world. Starting with brake and transmission fluids in 1961, the Company has expanded into cleaners, lubricants, additives and refrigerants, along with tire repair, radiator, battery, transmission and power steering products. Most recently, TCC acquired Spray-X<sup>®</sup>, a leader in the glass cleaner industry.

The Spray-X<sup>®</sup> brand was launched in 2010 after the completion of a new and innovative foaming glass cleaner formulation. Through strategic marketing, Spray-X<sup>®</sup> has rapidly grown into an established brand, known for superior quality that rivals leading competitors in the glass cleaner industry, offering better performance at a greater value.

**MORE  
CLEANING  
COVERAGE**  
THAN A TRIGGER GLASS CLEANER

**SUPERIOR  
STREAK FREE  
FORMULA**

## **PROFESSIONAL STRENGTH FORMULA**

Our superior, streak free glass cleaner uses clinging foam to break up grime and hold it - even on vertical surfaces. There's no dripping, no running and no streaking. Our proprietary industrial strength formula cleans thoroughly, dries quickly, requires no rinsing and leaves a pleasant, fresh scent.

## **MULTI-PURPOSE CLEANING SOLUTION**

Spray-X® is a multi-purpose solution for residential, commercial, and automotive cleaning. Our non-ammoniated, alcohol-based formula contains less water and more cleaning power than our leading competitors. Safe for use on auto tint, plastics, chrome, mirrors and other nonporous materials.

## **PREMIUM PACKAGING AND DESIGN**

Spray-X® Foaming Glass Cleaner utilizes a two-piece steel can, anti-fatigue finger pad and fast-action 360° valve. Spray in any direction, even upside down! Our packaging is not only designed for ease of use, but is also 100% recyclable and offers more cleaning coverage than a trigger glass cleaner.

# PRODUCT LINE
